

THE FOX AND THE GRAPES

Drawings by Lorenza Pierobon

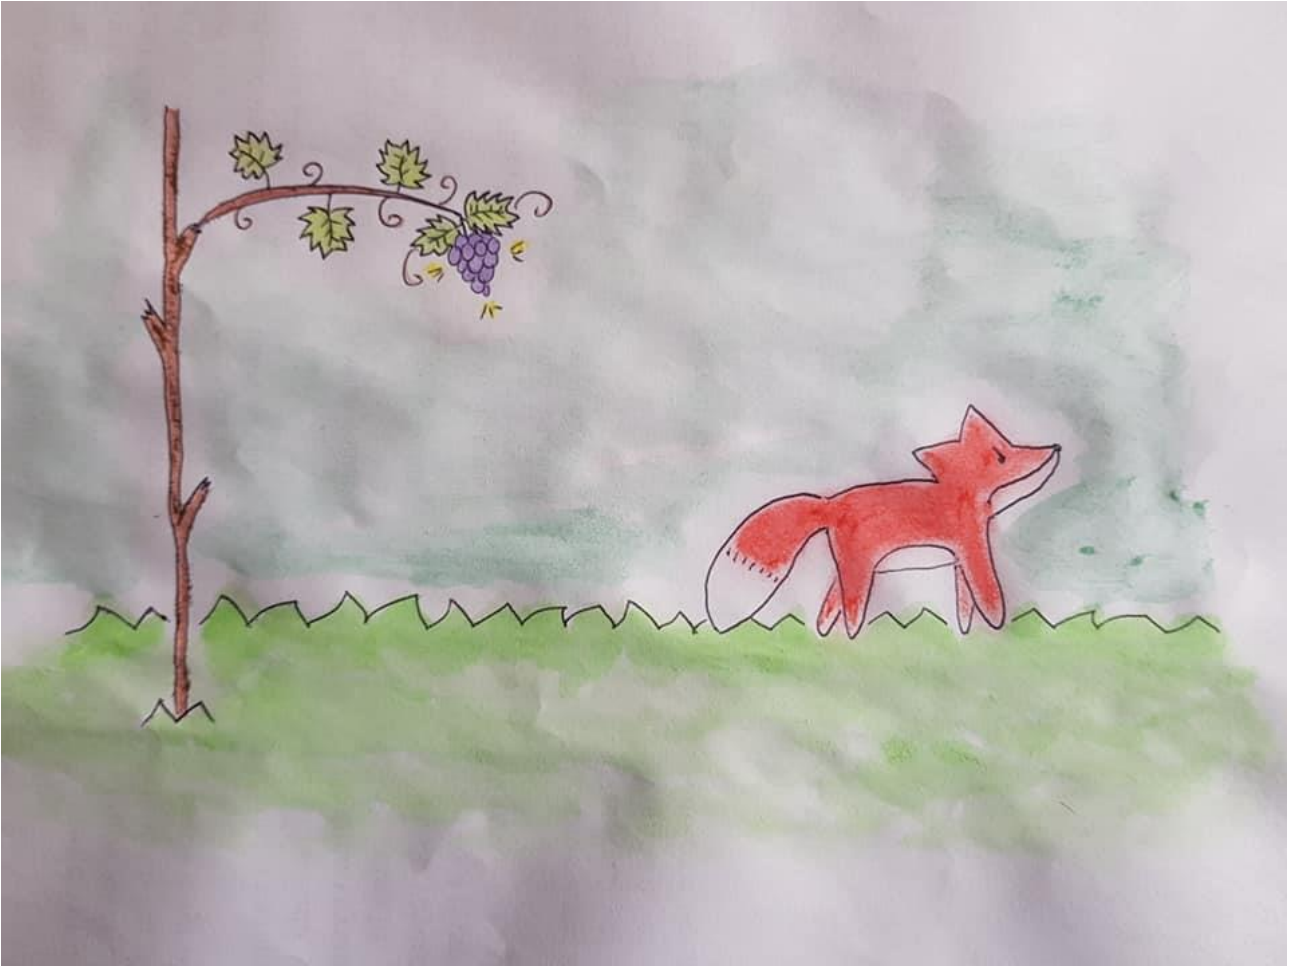

Once there was a fox walking through the wood.
"I'm so tired, so thirsty, so hungry!" He gasped

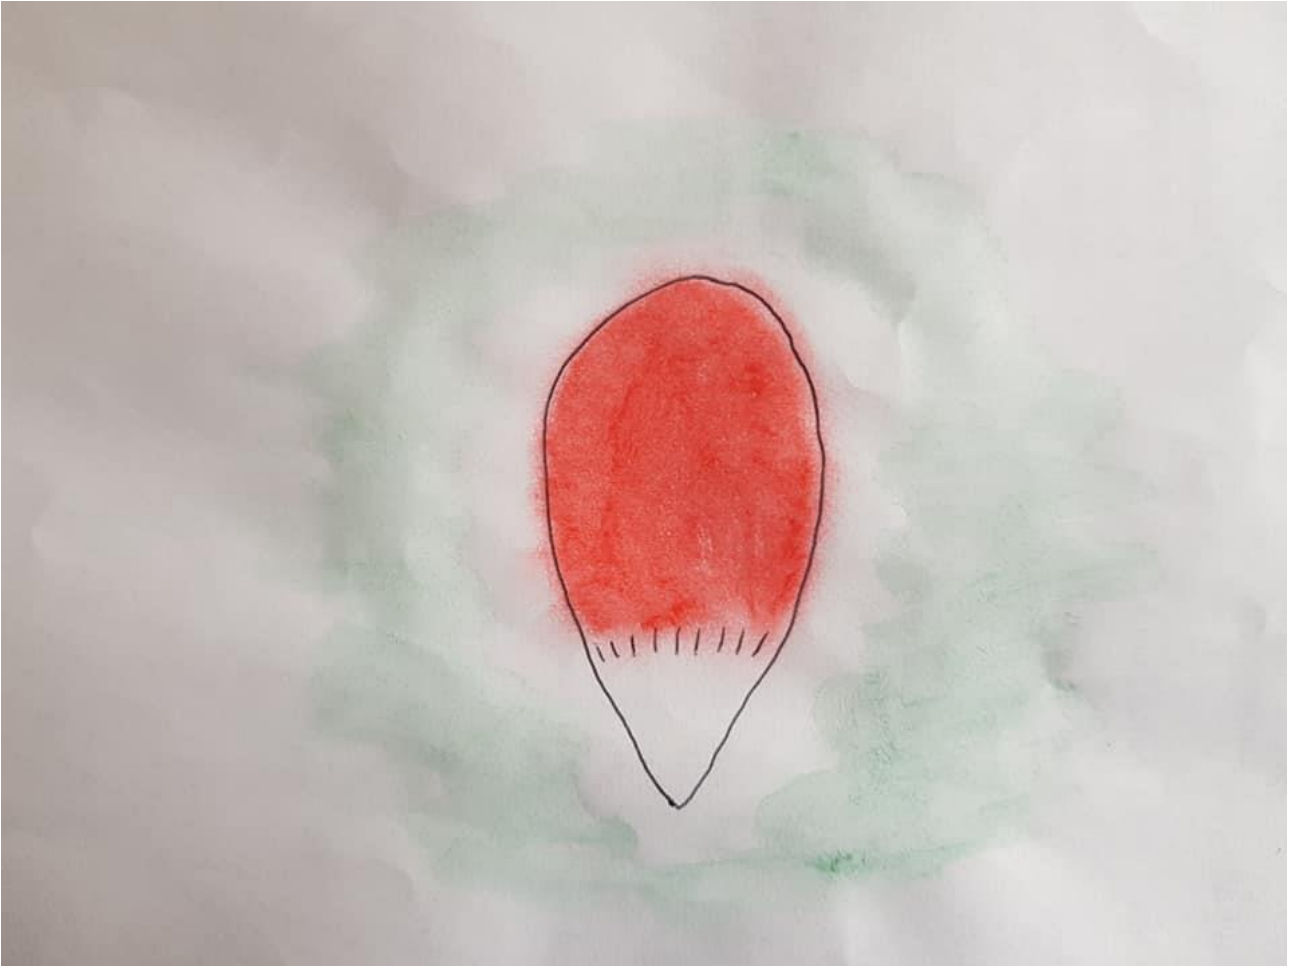

The fox bumped into a bunch of grapes from a vine.
"Oh, those grapes look so yummy, so tasty, so juicy!" He said

The fox tried everything possible: he jumped, he bounced, he climbed.. But could not reach the grapes!

The fox said: "Ah, those grapes look so sour, so stable, so tasteless! They are not worth it!"
So the fox walked away and never looked back.

The end.
